

CURRICULUM VITAE

DATE UPDATED: August 5, 2013

PART I: General Information

Name: Merri Lou Pendergrass
Current Position Professor of Medicine
Director, Diabetes Program
University of Arizona
Office Address: Merri Pendergrass, MD, PhD
Department of Medicine/ Endocrinology
3950 S. Country Club Road
Suite C200, Room 2224
Tucson, Arizona 85714
Phone: (520) 626-6334
Fax: (520) 626-7127
Email: mpendergrass@deptofmed.arizona.edu

Education:

1978 BA (Social Ecology), University of California, Irvine
1985 PhD (Biopsychology), University Of Texas, Austin
1989 MD (Medicine), University Of Texas Southwestern Medical School, Dallas

Postdoctoral Training:

7/89-6/90 Intern in Internal Medicine, University of Texas, San Antonio
7/90-6/92 Resident in Internal Medicine, University of Texas, San Antonio
7/92-6/95 Fellow in Endocrinology and Metabolism, University of Texas, San Antonio

Licensure and Certification:

1989 Federation Licensing Examination
1990-2006 Texas Medical License
1992-2002 Board Certification in Internal Medicine
1995-2005 Board Certification in Endocrinology and Metabolism
1997-2009 Louisiana Medical License
2002-2012 Re-Certification in Internal Medicine
2002-2015 Re-Certification in Endocrinology and Metabolism
2003-2012 Massachusetts Medical License
2008- Texas Medical License
2012- Arizona Medical License

Academic Appointments:

1995-1997 Instructor of Medicine, University of Texas Medical School, San Antonio, TX
1997-2001 Assistant Professor of Medicine, Tulane School of Medicine, New Orleans, LA
2001-2003 Associate Professor of Medicine, Tulane School of Medicine, New Orleans, LA
2003-2009 Associate Professor of Medicine, Harvard Medical School, Boston, MA
2009-2012 Assistant Professor of Medicine, University of Texas Medical School, Dallas, TX
2012- Professor of Medicine, University of Arizona

Corporate Positions:

2008-2012 Vice President, Express Scripts (Previously Medco Health Solutions)

Hospital or Affiliated Institution Appointments:

7/95-6/97 Staff Physician, University Hospital/University of Texas Medical School, San Antonio
7/95-6/97 Staff Physician, Audie L. Murphy Veteran's Administration Hospital/University of Texas Medical School, San Antonio
9/97-11/03 Staff Physician, New Orleans Veteran's Administration Medical Center/Tulane School of Medicine, New Orleans, LA
9/97-11/03 Staff Physician, Tulane University Medical Center/Tulane School of Medicine, New Orleans, LA
12/03-1/09 Staff Physician, Brigham and Women's Hospital/Harvard Medical School, Boston, MA
7/05-1/09 Consulting Staff, Dana Farber Cancer Institute/Harvard Medical School, Boston, MA
7/09-8/12 Staff Physician, Parkland Memorial Hospital/University of Texas Southwestern Medical School, Dallas, TX
11/12- Staff Physician, University of Arizona Health Network/University of Arizona, Tucson, AZ

Major Administrative Responsibilities:

1997-2003 Director, Diabetes Program, Medical Center of Louisiana, New Orleans, LA
2003-2008 Director of Clinical Diabetes, Brigham and Women's Hospital,
2004-2008 Interim Chief, Section of Diabetes and Metabolism, Brigham and Women's Hospital, Boston, MA
2006-2008 Associate Clinical Chief, Division of Endocrinology, Diabetes and Hypertension, Brigham and Women's Hospital, Boston, MA
2012- Director of Diabetes Program, University of Arizona College of Medicine

Major Committee Assignments:**Affiliated Institution**

1998-2003 Endocrine and Metabolism Subcommittee (P&T) [Chairperson], Medical Center of Louisiana, New Orleans

1999-2001 Advisory Board, Tulane-Xavier Center for Women's Health, Tulane School of Medicine
1999-2002 Medicine Department Promotions Committee, Tulane School of Medicine
2000-2003 Diabetes Interdisciplinary Committee [Chairperson], Medical Center of Louisiana, New Orleans
2001-2003 Medicine Task Force, Medical Center of Louisiana, New Orleans
2001-2003 Disease Management Committee, Medical Center of Louisiana, New Orleans
2002-2003 University Senate, Tulane School of Medicine
2004-2008 Diabetes Council, Partners Healthcare
2004-2008 Diabetes Subcommittee of Pharmacy and Therapeutics Committee [Chairperson], Brigham and Women's Hospital
2004-2008 Department of Medicine Executive Clinical Council, Brigham and Women's Hospital
2004-2005 Institutional Review Board, Brigham and Women's Hospital
2004-2005 Women's Health Leadership Advisory Group, Brigham and Women's Hospital
2006-2007 Department of Medicine Network Development Group, Brigham and Women's Hospital

Regional

2000-2001 Steering Committee [Chairperson], Louisiana Diabetes Council
2000-2003 Cardiovascular Disease Prevention Steering Committee [Member], Louisiana State Medical Society
2000-2003 Clinical Advisory Committee[Member], Louisiana Health Care Review
2001-2003 Diabetes Advisory Council [Member], Louisiana Department of Health and Hospitals
2013- Board of Directors [Member], American Diabetes Association Tucson Chapter

National

2007 Review Committee [Co-chairperson] for AACC Diabetes Guidelines, American College of Physicians

Professional Societies:

1992- American Diabetes Association, Member
1992- American College of Physicians, Fellow
2001- Endocrine Society, Member
2003- American Association of Clinical Endocrinologists, Member

Editorial Boards:

2003- Reviewer, Diabetes Care
2003-2009 Reviewer, New England Journal of Medicine
2003-2004 Reviewer, Drug Benefit Trends
2005-2009 Reviewer, Up-To-Date (www.uptodate.org)
2005-2006 Reviewer, Endocrine Practice
2005-2006 Reviewer, Metabolic Syndrome and Related Disorders
2006- Advisory Board, Nature Reviews Endocrinology

2005-2009 Editorial Board, Diabetes Care (Editor, Global Literature 2005-2008)
 2009- Reviewer, Diabetes Care
 2009- Reviewer, Diabetes, Obesity and Metabolism
 2009- Reviewer, Journal of Diabetes and Its Complications
 2010- Reviewer, Metabolism
 2010- Reviewer, Primary Care Diabetes

Part II: Research, Teaching, and Clinical Contributions

Funding Information

1993-1995 P.I., Juvenile Diabetes Foundation, Regulation of Transmembrane Glucose Transport and Intracellular Glucose Phosphorylation in IDDM and NIDDM
 1995-1998 P.I., N.I.H., Regulation of Transmembrane Glucose Transport and Intracellular Glucose Phosphorylation in vivo in Humans
 2000-2002 P.I., Centers for Disease Control, New Orleans REACH 2010: Diabetes Prevention and Management
 2000-2002 Consultant, American Heart Association, Effects Of Estrogen Replacement In Type 2 Diabetes
 2001-2002 Investigator, Pfizer, Use of Telemedicine for Early Detection and Treatment of Diabetic Retinopathy
 2005-2006 Co-P.I., Novo Nordisk, Improving Glycemic Control on GMS: A Quality Improvement Study

Report of Teaching

1. Local contributions

a. Medical School Courses

1997	<u>Mechanisms of Disease: Pathology and Pathophysiology</u>		
	Conference Leader	150 Medical Students	<i>contact time</i> 2 hours/year for 1 year(s)
	Lecturer	150 Medical Students	<i>prep time</i> 2 hours/year for 1 year(s)
			8 hours/year for 1 year(s)
1997	<u>Internal Medicine Clerkship: Junior Core Lecture Series</u>		
	Lecturer	150 Medical Students	<i>contact time</i> 6 hours/year for 1 year(s)
			<i>prep time</i> 12 hours/year for 1 year(s)
1997	<u>Diabetes Clinic Core Lecture Series</u>		
	Conference Leader	150 Medical Students	<i>contact time</i> 12 hours/year for 1 year(s)
			<i>prep time</i> 36 hours/year for 1 year(s)

1998	<u>Mechanisms of Disease: Pathology and Pathophysiology</u>		
		<i>contact time</i>	<i>prep time</i>
	Conference Leader	150 Medical Students	2 hours/year for 1 year(s)
	Lecturer	150 Medical Students	1 hours/year for 1 year(s)
1998	<u>Pharmacology</u>		
		<i>contact time</i>	<i>prep time</i>
	Conference Leader	150 Medical Students	2 hours/year for 1 year(s)
	Lecturer	150 Medical Students	1 hours/year for 1 year(s)
1998	<u>Diabetes Clinic Core Lecture Series</u>		
		<i>contact time</i>	<i>prep time</i>
	Conference Leader	150 Medical Students	12 hours/year for 1 year(s)
1998	<u>Internal Medicine Clerkship: Junior Core Lecture Series</u>		
		<i>contact time</i>	<i>prep time</i>
	Lecturer	150 Medical Students	6 hours/year for 1 year(s)
1999	<u>Biochemistry</u>		
		<i>contact time</i>	<i>prep time</i>
	Lecturer	150 Medical Students	1 hours/year for 1 year(s)
1999	<u>Mechanisms of Disease: Pathology and Pathophysiology</u>		
		<i>contact time</i>	<i>prep time</i>
	Conference Leader	150 Medical Students	2 hours/year for 1 year(s)
	Lecturer	150 Medical Students	1 hours/year for 1 year(s)
1999	<u>Pharmacology</u>		
		<i>contact time</i>	<i>prep time</i>
	Conference Leader	150 Medical Students	2 hours/year for 1 year(s)
	Lecturer	150 Medical Students	1 hours/year for 1 year(s)
1999	<u>Internal Medicine Clerkship: Junior Core Lecture Series</u>		
		<i>contact time</i>	<i>prep time</i>
	Lecturer	150 Medical Students	6 hours/year for 1 year(s)

1999	<u>Diabetes Clinic Core Lecture Series</u>		<i>contact time</i>	<i>prep time</i>
	Conference Leader	150 Medical Students	12 hours/year for 1 year(s)	36 hours/year for 1 year(s)
2000	<u>Mechanisms of Disease: Pathology and Pathophysiology</u>		<i>contact time</i>	<i>prep time</i>
	Conference Leader	150 Medical Students	2 hours/year for 1 year(s)	2 hours/year for 1 year(s)
	Lecturer	150 Medical Students	1 hours/year for 1 year(s)	8 hours/year for 1 year(s)
2000	<u>Diabetes Clinic Core Lecture Series</u>		<i>contact time</i>	<i>prep time</i>
	Conference Leader	150 Medical Students	12 hours/year for 1 year(s)	36 hours/year for 1 year(s)
2000	<u>Internal Medicine Clerkship: Junior Core Lecture Series</u>		<i>contact time</i>	<i>prep time</i>
	Lecturer	150 Medical Students	6 hours/year for 1 year(s)	12 hours/year for 1 year(s)
2000	<u>Pharmacology</u>		<i>contact time</i>	<i>prep time</i>
	Conference Leader	150 Medical Students	2 hours/year for 1 year(s)	2 hours/year for 1 year(s)
	Lecturer	150 Medical Students	1 hours/year for 1 year(s)	8 hours/year for 1 year(s)
2000	<u>Biochemistry</u>		<i>contact time</i>	<i>prep time</i>
	Conference Leader	150 Medical Students	1 hours/year for 1 year(s)	none reported
	Lecturer	150 Medical Students	1 hours/year for 1 year(s)	8 hours/year for 1 year(s)
2001	<u>Pharmacology</u>		<i>contact time</i>	<i>prep time</i>
	Conference Leader	150 Medical Students	2 hours/year for 1 year(s)	2 hours/year for 1 year(s)
	Lecturer	150 Medical Students	1 hours/year for 1 year(s)	8 hours/year for 1 year(s)
2001	<u>Biochemistry</u>		<i>contact time</i>	<i>prep time</i>
	Lecturer	150 Medical Students	1 hours/year for 1 year(s)	8 hours/year for 1 year(s)

2001	<u>Internal Medicine Clerkship: Junior Core Lecture Series</u>		<i>contact time</i>	<i>prep time</i>
	Lecturer	150 Medical Students	6 hours/year for 1 year(s)	12 hours/year for 1 year(s)
2001	<u>Mechanisms of Disease: Pathology and Pathophysiology</u>		<i>contact time</i>	<i>prep time</i>
	Conference Leader	150 Medical Students	2 hours/year for 1 year(s)	2 hours/year for 1 year(s)
	Lecturer	150 Medical Students	1 hours/year for 1 year(s)	8 hours/year for 1 year(s)
2001	<u>Diabetes Clinic Core Lecture Series</u>		<i>contact time</i>	<i>prep time</i>
	Conference Leader	150 Medical Students	12 hours/year for 1 year(s)	36 hours/year for 1 year(s)
2002	<u>Pharmacology</u>		<i>contact time</i>	<i>prep time</i>
	Conference Leader	150 Medical Students	2 hours/year for 1 year(s)	2 hours/year for 1 year(s)
	Lecturer	150 Medical Students	1 hours/year for 1 year(s)	8 hours/year for 1 year(s)
2002	<u>Diabetes Clinic Core Lecture Series</u>		<i>contact time</i>	<i>prep time</i>
	Conference Leader	150 Medical Students	12 hours/year for 1 year(s)	36 hours/year for 1 year(s)
2002	<u>Internal Medicine Clerkship: Junior Core Lecture Series</u>		<i>contact time</i>	<i>prep time</i>
	Lecturer	150 Medical Students	6 hours/year for 1 year(s)	12 hours/year for 1 year(s)
2002	<u>Mechanisms of Disease: Pathology and Pathophysiology</u>		<i>contact time</i>	<i>prep time</i>
	Conference Leader	150 Medical Students	2 hours/year for 1 year(s)	2 hours/year for 1 year(s)
	Lecturer	150 Medical Students	1 hours/year for 1 year(s)	8 hours/year for 1 year(s)
2002	<u>Biochemistry</u>		<i>contact time</i>	<i>prep time</i>
	Lecturer	150 Medical Students	1 hours/year for 1 year(s)	8 hours/year for 1 year(s)
2003	<u>Diabetes Clinic Core Lecture Series</u>		<i>contact time</i>	<i>prep time</i>

	Conference Leader	150 Medical Students	12 hours/year for 1 year(s)	36 hours/year for 1 year(s)
2003	<u>Pharmacology</u>			
	Conference Leader	150 Medical Students	<i>contact time</i> 2 hours/year for 1 year(s)	<i>prep time</i> 2 hours/year for 1 year(s)
	Lecturer	150 Medical Students	1 hours/year for 1 year(s)	8 hours/year for 1 year(s)
2003	<u>Internal Medicine Clerkship: Junior Core Lecture Series</u>			
	Lecturer	150 Medical Students	<i>contact time</i> 6 hours/year for 1 year(s)	<i>prep time</i> 12 hours/year for 1 year(s)
2003	<u>Mechanisms of Disease: Pathology and Pathophysiology</u>			
	Conference Leader	150 Medical Students	<i>contact time</i> 2 hours/year for 1 year(s)	<i>prep time</i> 2 hours/year for 1 year(s)
	Lecturer	150 Medical Students	1 hours/year for 1 year(s)	8 hours/year for 1 year(s)
2003	<u>Biochemistry</u>			
	Lecturer	150 Medical Students	<i>contact time</i> 1 hours/year for 1 year(s)	<i>prep time</i> 8 hours/year for 1 year(s)
2004	<u>HMSII Diabetes Module</u>			
	Lecturer	200 Medical Students	<i>contact time</i> 12 hours/year for 1 year(s)	<i>prep time</i> 1 hours/year for 1 year(s)

b. Graduate Medical Courses

1997	<u>Diabetes Topics</u>			
	Lecturer	100 Residents	<i>contact time</i> 2 hours/year for 1 year(s)	<i>prep time</i> 16 hours/year for 1 year(s)
1998	<u>Diabetes Topics</u>			
	Lecturer	100 Residents	<i>contact time</i> 2 hours/year for 1 year(s)	<i>prep time</i> 16 hours/year for 1 year(s)
1999	<u>Diabetes & Endocrinology Topics</u>			
	Lecturer	100 Residents	<i>contact time</i> 4 hours/year for 1 year(s)	<i>prep time</i> 24 hours/year for 1 year(s)

2000	<u>Diabetes & Endocrinology Topics</u>		<i>contact time</i>	<i>prep time</i>
	Lecturer	100 Residents	4 hours/year for 1 year(s)	20 hours/year for 1 year(s)
2001	<u>Diabetes & Endocrinology Topics</u>		<i>contact time</i>	<i>prep time</i>
	Lecturer	100 Residents	3 hours/year for 1 year(s)	20 hours/year for 1 year(s)
2002	<u>Diabetes & Endocrinology Topics</u>		<i>contact time</i>	<i>prep time</i>
	Lecturer	100 Residents	8 hours/year for 1 year(s)	48 hours/year for 1 year(s)
2003	<u>Diabetes & Endocrinology Topics</u>		<i>contact time</i>	<i>prep time</i>
	Lecturer	100 Residents	4 hours/year for 1 year(s)	22 hours/year for 1 year(s)
2004	<u>Diabetes Topics</u>		<i>contact time</i>	<i>prep time</i>
	Lecturer	200 Residents	8 hours/year for 1 year(s)	40 hours/year for 1 year(s)
2005	<u>Morning Report</u>		<i>contact time</i>	<i>prep time</i>
	Discussant	60 Residents	3 hours/year for 1 year(s)	none reported
2005	<u>Diabetes & Endocrinology Topics</u>		<i>contact time</i>	<i>prep time</i>
	Lecturer	200 Residents	16 hours/year for 1 year(s)	48 hours/year for 1 year(s)
2006	<u>Diabetes & Endocrinology Topics</u>		<i>contact time</i>	<i>prep time</i>
	Lecturer	200 Residents	14 hours/year for 1 year(s)	31 hours/year for 1 year(s)
2007	<u>Diabetes & Endocrinology Topics</u>		<i>contact time</i>	<i>prep time</i>
	Lecturer	200 Residents	15 hours/year for 1 year(s)	45 hours/year for 1 year(s)

2008	<u>Diabetes & Endocrinology Topics</u>		<i>contact time</i>	<i>prep time</i>
	Lecturer	200 Residents	15 hours/year for 1 year(s)	45 hours/year for 1 year(s)

c. Local Invited Presentations

Grand Rounds

- 1998 New Approaches to the Treatment of Hyperglycemia in Patients with Type 2 Diabetes Mellitus (Medicine), Tulane University
Lecturer: 200 participants, 1 hour contact time per year, 20 hours prep time per year
- 1998 Case of Diabetic Ketoacidosis (Medicine), Tulane University
Lecturer: 200 participants, 1 hour contact time per year, 20 hours prep time per year
- 1998 New Approaches to the Treatment of Hyperglycemia in Patients with Type 2 Diabetes Mellitus (Surgery), Tulane University
Lecturer: 50 participants, 4 hours contact time per year, 4 hours prep time per year
- 1999 Treatment of Hyperglycemia in Type 2 Diabetes (Medicine), Louisiana State University
Lecturer: 200 participants, 1 hour contact time per year, 8 hours prep time per year
- 2001 Thyrotoxic Periodic Paralysis (Medicine), Tulane University
Lecturer: 200 participants, 16 hours contact time per year, 16 hours prep time per year
- 2004 Diabetes Care at BWH (Medicine), Brigham and Women's Hospital
Lecturer: 150 participants, 1 hour contact time per year, 40 hours prep time per year
- 2005 Treatment of Hyperglycemia in T2DM (Primary Care), Harvard University Health System
Lecturer: 30 participants, 1 hour contact time per year, 6 hours prep time per year
- 2006 Metabolic Syndrome (Primary Care), Brigham and Women's Hospital
Lecturer: 40 participants, 1 hour contact time per year, 8 hours prep time per year
- 2007 Inpatient Diabetes Management (OB-GYN), Brigham and Women's Hospital
Lecturer: 30 participants, 1 hour contact time per year, 4 hours prep time per year
- 2008 Treatment of Hyperglycemia in Type 2 Diabetes (Medicine), Compass Healthcare System
Lecturer: 60 participants, 1 hour contact time per year, 4 hours prep time per year
- 2008 How Do You Measure Diabetes Quality of Care? (Endocrine), University of Texas Southwestern Medical School

Other

- 1999 Treatment of Hyperglycemia in Type 2 Diabetes (NP students), Tulane University
Lecturer: 20 participants, 1 hour contact time per year, 4 hours prep time per year
- 2000 Diabetes Clinical Practice Recommendations (PCPs), Tulane University
Lecturer: 12 participants, 1 hour contact time per year, 4 hours prep time per year
- 2000 Treatment of Hyperglycemia in Type 2 Diabetes (PCPs), Tulane University
Lecturer: 12 participants, 1 hour contact time per year, 4 hours prep time per year
- 2000 Diabetes Case Discussions (PCPs), Tulane University
Lecturer: 12 participants, 2 hours contact time per year, 2 hours prep time per year
- 2001 Overview of Diabetes (OT students), Tulane University
Lecturer: 20 participants, 1 hour contact time per year, 4 hours prep time per year
- 2002 Overview of Diabetes (OT students), Tulane University
Lecturer: 20 participants, 1 hour contact time per year, 4 hours prep time per year
- 2004 Inpatient Diabetes (Hospitalists), Society of Hospital Medicine (Boston Chapter)
Lecturer: 50 participants, 1 hour contact time per year, 8 hours prep time per year
- 2004 Diabetes Self-Management Education (Physicians), Partners Healthcare
Lecturer: 100 participants, 1 hour contact time per year, 4 hours prep time per year
- 2005 Exercise and Diabetes (PCPs), Massachusetts General Hospital
Lecturer: 15 participants, 1 hour contact time per year, 8 hours prep time per year
- 2005 Inpatient Diabetes (Nurse Educators), Brigham and Women's Hospital
Lecturer: 50 participants, 2 hours contact time per year, 4 hours prep time per year
- 2005 Overview of Diabetes (PAs), Brigham and Women's Hospital
Lecturer: 20 participants, 1 hour contact time per year, 2 hours prep time per year
- 2006 Inpatient Diabetes Management (Hospitalists), Brigham and Women's Hospital
Lecturer: 20 participants, 1 hour contact time per year, 4 hours prep time per year
- 2006 Inpatient Diabetes (Dietitians), Brigham and Women's Hospital
Lecturer: 30 participants, 1 hour contact time per year, 2 hours prep time per year
- 2006 Diabetes and Heart Disease (Advanced Heart Failure Physicians), Brigham and Women's Hospital
Lecturer: 40 participants, 1 hour contact time per year, 8 hours prep time per year
- 2006 Inpatient Diabetes (Nurse Educators), Brigham and Women's Hospital
Lecturer: 20 participants, 1 hour contact time per year, 4 hours prep time per year

- 2006 Overview of Diabetes (PAs), Brigham and Women's Hospital
Lecturer: 20 participants, 1 hour contact time per year, 4 hours prep time per year
- 2007 Inpatient Diabetes (Nurses), Partners Healthcare
Lecturer: 100 participants, 1 hour contact time per year, 6 hours prep time per year
- 2008 Treatment of Hyperglycemia in Type 2 Diabetes (Pharmacists), Massachusetts Association of Health Systems Pharmacists
Lecturer: 100 participants, 1 hour contact time per year, 6 hours prep time per year

Seminar

- 1998 In Vivo Glucose Transport And Phosphorylation Are Impaired By Increased Free Fatty Acids, Tulane University
Lecturer: 30 participants, 1 hour contact time per year, 16 hours prep time per year
- 1999 The Hyperinsulinemic Euglycemic Clamp, Tulane University
Lecturer: 20 participants, 1 hour contact time per year, 8 hours prep time per year
- 2000 HKII mRNA and Protein are Reduced in Obesity and Type 2 Diabetes, Tulane University
Lecturer: 20 participants, 1 hour contact time per year, 8 hours prep time per year

Telemedicine

- 2005 Live Telecast (Physicians in Egypt), Partners
Lecturer: 4000 participants, 2 hours contact time per year, 16 hours prep time per year
- 2005 Live Webcast (Physicians in USA), Partners
Lecturer: 1000 participants, 2 hours contact time per year, 20 hours prep time per year
- 2006 Live Webcast (Physicians in Saudi Arabia), Partners
Lecturer: 1000 participants, 2 hours contact time per year, 16 hours prep time per year
- 2008 Live Webcast (Physicians in Saudi Arabia), Partners
Lecturer: 2000 participants, 2 hours contact time per year, 16 hours prep time per year

d. Continuing Medical Education Courses

- 1998 Tulane Nephrology Update
Lecturer: 200 participants, 1 hour contact time per year, 8 hours prep time per year
- 1998-2003 Tulane/LSU/Ochsner Internal Medicine Board Review Course
Lecturer: 600 participants, 1 hour contact time per year, 8 hours prep time per year
- 1999-2003 New Orleans Endocrine Club
Coordinator : 30 participants, 36 hours contact time per year,
12 hours prep time per year

- 1999-2003 Tulane Diabetes Update
Lecturer: 100 participants, 1 hour contact time per year, 8 hours prep time per year
- 2000-2009 Methodist Healthcare: Primary Care Issues in Women's Health (Memphis)
Lecturer: 75 participants, 2 hours contact time per year, 16 hours prep time per year
- 2000-2009 Methodist Healthcare: Medical Review for the Primary Care Physician (Amelia Island)
Lecturer: 75 participants, 2 hours contact time per year, 16 hours prep time per year
- 2000-2009 Methodist Healthcare: Advances in Medicine (Kona, Maui, Cancun, Grand Cayman, Sea Island)
Lecturer: 75 participants, 2 hours contact time per year, 16 hours prep time per year
- 2001-2003 Tulane-Xavier Center for Women Health: Contemporary Issues in Women's Health
Lecturer: 50 participants, 1 hour contact time per year, 4 hours prep time per year
- 2002-2003 Tulane Family Practice Update
Lecturer: 100 participants, 1 hour contact time per year, 4 hours prep time per year
- 2004-2008 Brigham and Women's Hospital: Office Practice of Primary Care Medicine
Lecturer: 200 participants, 1 hour contact time per year, 8 hours prep time per year
- 2004-2009 Brigham and Women's Hospital: Intensive Review of Internal Medicine
(Section Leader 2006-2008): 600 participants, 2-3 hours contact time per year, 30 hours prep time per year
- 2006-2009 PriMed: Current Clinical Issues in Primary Care (Anaheim, Baltimore, Boston, Chicago, Houston, Ft. Lauderdale)
Lecturer: 3000 participants, 6 hours contact time per year, 30 hours prep time per year
- 2007-2009 Brigham and Women's Hospital: Cardiovascular Medicine: Review and Update for the Practitioner
Lecturer: 200 participants, 1 hour contact time per year, 8 hours prep time per year
- 2008- American Medical Seminars: Internal Medicine Update (Sarasota, Florida)
Lecturer: 100 participants, 4 hour contact time per year, 20 hours prep time per year

e. Advisory and Supervisory Responsibilities in Clinical Setting

- 1997-2003 6 Residents and Medical Students for 140 hrs/year, Attending, Inpatient General Medical Service, Tulane University
- 1997-2003 100 Fellows, Residents and Medical Students for 600 hrs/year, Supervising in Ambulatory Clinic, Tulane University
- 1997-2003 30 Fellows, Residents and Medical Students for 180 hrs/year, Attending, Inpatient

Endocrine Consult Service, Tulane University

2004-2008 5 Fellows, Residents and Medical Students for 40 hrs/year, Attending, Inpatient Endocrine Consult Service, Brigham and Women's Hospital

2004-2008 6 Residents and Medical Students for 50 hrs/year, Attending, Inpatient General Medicine Service, Brigham and Women's Hospital

2004-2008 6 Fellows and Residents for 150 hrs/year, Supervising in ambulatory clinic, Brigham and Women's Hospital

2009-2012 8 Fellows, Residents, and students for 300 hrs/year, Supervising in ambulatory clinic, Parkland Memorial Hospital

2012- 5 Fellows, Residents, and students for 500 hrs/year, Supervising in ambulatory clinic, University of Arizona Medical Center

g. Advisees/Trainees

Training Duration *Name* *Current Position*

2000-2002 Pitiporn Suwattee Assistant Professor, University of Minnesota

2004-2005 Alexander Turchin Assistant Professor, Harvard Medical School

2. Regional, national, or international contributions

a. Invited Presentations

Regional

1999 Medicine Grand Rounds, Earl K. Long Medical Center, Baton Rouge, LA [*Invited Lecture*]

1999 Annual Meeting, American College of Physicians-American Society for Internal Medicine Louisiana and Mississippi Chapters [*Invited Lecture*]

2001 Annual Meeting, Louisiana Primary Care Association [*Invited Lecture*]

2002 Annual Meeting, Louisiana Association of Family Practices [*Invited Lecture*]

2002 Annual Meeting, New Orleans Society of Internal Medicine [*Invited Lecture*]

2004 Conference, Society of Hospital Medicine, Boston Chapter [*Invited Lecture*]

2007 Endocrine Grand Rounds, Baystate Hospital Endocrine Division [*Invited Lecture*]

National

- 1998 Annual Meeting, Alabama Academy of Family Physicians[*Invited Lecture*]
- 1999 Medicine Grand Rounds, Southeast Alabama Medical Center, Dothan, AL[*Invited Lecture*]
- 1999 Annual Meeting, Tennessee Academy of Family Physicians[*Invited Lecture*]
- 1999 Annual Meeting, Bay County Florida Medical Society[*Invited Lecture*]
- 1999 Conference, Atlanta Endocrine Society[*Invited Lecture*]
- 2000 Medicine Grand Rounds, Saint Francis Hospital, Memphis, TN[*Invited Lecture*]
- 2000 Conference, University of Tennessee, Family Practice Department[*Invited Lecture*]
- 2000 Medicine Grand Rounds, University of Alabama, Birmingham, AL[*Invited Lecture*]
- 2002 Conference, Fayetteville Diagnostic Clinic, Washington Regional Hospital[*Invited Lecture*]

International

- 2002 Conference, Universidad Centroamericana de Nicaragua[*Invited Lecture*]
- 2002 Conference, Hospital MOCEL, Mexico D.F.[*Invited Lecture*]
- 2008 Conference, Asan Medical Center, Seoul Korea [*Visiting Professor*]

4. Report of Clinical Activities

- 1995-1997 Endocrinology, University of Texas, San Antonio
Clinical Activity Description: Outpatient Clinic
Patient Load: 700 visits per/yr
- 1995-1997 General Medicine, University of Texas, San Antonio
Clinical Activity Description: Inpatient General Medical Service
Patient Load: 100 visits per/yr
- 1997-2003 Endocrinology, Tulane University
Clinical Activity Description: Outpatient clinic
Patient Load: 2300 visits per/yr
- 1997-2003 Diabetes, Brigham and Women's Hospital
Clinical Activity Description: Inpatient service
Patient Load: 400 visits per/yr
- 2004-2008 Endocrinology, Brigham and Women's Hospital
Clinical Activity Description: Outpatient Clinic
Patient Load: 400 visits per/yr

- 2004-2008 General Medicine, Brigham and Women's Hospital
Clinical Activity Description: Inpatient service
Patient Load: 70 visits per/yr
- 2005-2008 Endocrinology Consult, Brigham and Women's Hospital
Clinical Activity Description: Inpatient service
Patient Load: 60 visits per/yr
- 2009- Endocrinology/Diabetes Outpatient Service, Parkland Memorial Hospital
Clinical Activity Description: Teaching clinic
Patient Load: 300 visits per/yr

Part III: Bibliography
