MISSION: 
Advancing the health wellness of our community and beyond while embracing diversity in the pursuit of excellence through innovation in our tripartite mission: education, research and patient care.

HISTORY:
- The University of Arizona College of Medicine – Tucson admitted its first class of 32 students in 1967.
- The UArizona College of Medicine – Tucson was initially accredited by the Liaison Committee on Medical Education in 1965, and in 2014 received full re-accreditation through 2022.
- The College is part of the University of Arizona Health Sciences, one of the top-ranked academic medical centers in the southwestern United States.
- UArizona Health Sciences includes the College of Medicine – Phoenix, College of Medicine – Tucson, College of Nursing, Mel and Enid Zuckerman College of Public Health, and R. Ken Coit College of Pharmacy. In addition, 12 UArizona Health Sciences centers and programs focus on cancer, neurodegenerative diseases, pain and addiction, and respiratory diseases; biomedical informatics, health technology innovation and simulation training; and precision health care and health disparities.

RESEARCH:
- Total annual research awards for the College have grown from $51 million in FY14 to $111 million in FY20.
- The College of Medicine – Tucson jumped from participating in 129 clinical trials in 2016 to 216 trials in 2018.

FACULTY AND STAFF:
- Medical students and residents receive instruction from 1,432 UArizona faculty members: 566 full- and part-time salaried, 329 affiliate and 537 associate (volunteer) faculty members.
- Nearly 1,000 staff members call the College of Medicine – Tucson home.

CONTINUES

512 Medical Students*
123 in the Class of 2021
121 in the Class of 2022
130 in the Class of 2023
121 in the Class of 2024
*Students in our dual degree programs are not included in the individual class sizes listed above.

RESIDENTS AND FELLOWS: 735
RESEARCH AWARDS: $111 million (FY20)
RESEARCH CONCENTRATIONS:
- Airway Disorders and Disease
- Brain Science
- Cancer
- Diabetes
- Heart Disease
- Microbiome

Michael Abecassis, MD, MBA
Dean,
College of Medicine – Tucson
Professor, Surgery & Immunobiology

Shaping the Future of Medicine

STUDENTS AND EDUCATION:
• Each year, the UArizona College of Medicine – Tucson admissions approximately 120 students. The College received nearly 10,000 applications for the Class of 2023, a total application increase of more than 37 percent from the Class of 2021.
• The College currently has 515 medical students who are actively involved in faculty research initiatives and Tucson community service activities.
• With more than 1,850 undergraduates, the College of Medicine – Tucson has the largest undergraduate science education degree program in the world.
• The College offers three dual-degree programs in MD-PhD, MD-MPH and MD-MBA. Twenty-six students are enrolled in the MD-PhD program and one student is currently pursuing a MD-MBA.

FACILITIES:
• The College of Medicine – Tucson facilities currently encompass more than 455,000 square feet of classroom, lab and office space.
• UArizona clinical partner Banner Health opened a new $446 million, 670,000-square-foot hospital in April 2019. The new building replaced the aging hospital complex and includes 228 private rooms, 20 operating rooms and 649 licensed beds. It also includes $50 million in new patient-care equipment and computer technology.
• In the spring of 2017, Banner – University Medicine North, a $100 million outpatient clinic, opened in Tucson. The new 208,000-square-foot clinic houses numerous specialties, including cardiology, gastroenterology and general surgery.

ALUMNI:
• There are 4,346 MedCats worldwide. Of those, 2,354 reside in Arizona.

RESIDENCY PROGRAMS:
• The UArizona College of Medicine – Tucson Graduate Medical Education Program oversees 59 ACGME-accredited residency programs in all major specialties and subspecialties.
• The UArizona College of Medicine at South Campus Graduate Medical Education Program oversees four ACGME-accredited residency programs (medicine, ophthalmology, emergency medicine and family medicine) and one fellowship in medical toxicology.
• More than 700 residents and fellows are training at more than 35 sites, including the College’s primary teaching hospitals, Banner – University Medical Center Tucson and Banner – University Medical Center South, as well as the Southern Arizona VA Health System, the Tucson Medical Center and various Indian Health Service locations.

CONTINUES
INNOVATIONS AND BREAKTHROUGHS:
1963 - The College of Medicine – Tucson is established as the state’s first medical school.
1974 - Researchers develop the first artificial wrist.
1979 - Physicians perform Arizona’s first heart transplant.
1985 - Physicians successfully use the world’s first total artificial heart as a bridge to transplant.
1990 - The University of Arizona Cancer Center, founded by College of Medicine – Tucson faculty in 1978, receives one of the first comprehensive cancer center designations in the U.S. from the National Cancer Institute (NCI).
2004 - The Sarver Heart Center introduces cardiocerebral resuscitation, a significantly improved method to increase the survival rate of patients with cardiac arrest.
2005 - Arizona’s first medical simulation lab – ASTEC – is established.
2016 - Researchers in the College of Medicine – Tucson are appointed lead investigators for the largest peer-reviewed National Institutes of Health grant in Arizona history ($43 million).

DEPARTMENTS AND CENTERS:
• The College has 22 departments – five basic science and 17 clinical science – and nine centers and institutes dedicated to specific areas of research, clinical care and teaching:

BASIC SCIENCE DEPARTMENTS
Cellular & Molecular Medicine
Chemistry & Biochemistry
Immunobiology
Pharmacology
Physiology

CLINICAL DEPARTMENTS
Anesthesiology
Emergency Medicine
Family & Community Medicine
Medical Imaging
Medicine
Neurology
Neurosurgery
Obstetrics & Gynecology
Ophthalmology & Vision Sciences
Orthopaedic Surgery
Otolaryngology – Head & Neck Surgery
Pathology
Pediatrics
Psychiatry
Radiation Oncology
Surgery
Urology

CENTERS & PROGRAMS
Arizona Telemedicine Program
Andrew Weil Center for Integrative Medicine
Center on Aging
Emergency Medicine Research Center
The University of Arizona Arthritis Center
The University of Arizona Sarver Heart Center
The University of Arizona Steele Children’s Research Center
The University of Arizona Thomas D. Boyer Liver Institute
Valley Fever Center for Excellence
